1. A. **Board Position**

The Board has and will continue to retain the right, responsibility and prerogative to direct the operation of the school in all its respects except as otherwise specifically provided in this Agreement including but not limited to the following: to maintain such educational activities as in its judgment will best serve the interests of Northwestern Regional School; to employ, assign, and transfer teachers; to suspend and dismiss teachers in the manner provided by statute; to prescribe rules for the management, studies, classification and discipline of the school.

B. **Contract**

The Board recognizes the Association as the exclusive bargaining agent for all certified professionals who are employed by the Board in positions requiring a teaching or other certificate and are not included in the administrators' unit or excluded from the purview of §§10-153a to 10-153n, inclusive. This Agreement executed by the Association and the Board shall serve as the collective bargaining agreement for all members of the teachers' bargaining unit except that upon initial employment the Board shall execute with that teacher an initial contract of employment and shall annually thereafter notify each teacher in writing of his salary for the ensuing year.

C. **Notification of Faculty**

The administration will make every effort to notify all faculty with a legitimate educational interest of any student who has a psychological, sociological, or medical problem or history which might indicate a tendency to react violently, consistent with state and federal statutes.

2. **Withholding of Increment or Increase**

Any salary increment, increase, or part thereof may be withheld from any teacher for unsatisfactory service as evidenced by unsatisfactory evaluations and upon recommendation of the Superintendent. Such recommendation shall be made within sixty (60) days after the completion of the teacher's summative evaluation but no later than June 1 preceding the school year in which the withholding shall be in effect. A teacher shall receive a written statement of the reasons for the withholding of the increment, increase or part thereof and shall be entitled to have a meeting with the Superintendent and to have Association representation at that meeting.

3. **Duration**

The provisions of this Agreement shall be effective as of July 1, 2014 and shall be binding upon the Board and the Association until June 30, 2017. Negotiations to secure a successor agreement shall commence in accordance with law. During negotiations the Board and the Association shall exchange relevant data not of a personal or confidential nature.

4. **Savings Clause**

If any provisions or portion of this Agreement is ultimately ruled invalid for any reason by an authority of established and competent legal jurisdiction, the balance and remainder of this Agreement shall remain in full force and effect.

5. **Sick Leave**

- A. Each member of the unit is entitled to sick leave with full pay up to fifteen school days in each year of this contract. Unused sick leave shall be accumulated from year to year up to but not in excess of one hundred eighty five (185) school days. After an absence of five (5) or more consecutive days or if the Superintendent has a reasonable suspicion that sick leave is being abused, such leave shall be affirmed by a certificate of an attending physician if requested.
- B. At the commencement of any paid or unpaid long term sick leave, the Superintendent of Schools may require an employee to provide a statement from his or her physician indicating the anticipated date the employee will return to work, the nature of the illness or the disability, and the fitness of the employee to return to work. During the course of the leave, the Board may request continued verification from the physician of the information listed above, but not more than once every thirty days. The Superintendent may require the employee to undergo an examination by a Board appointed physician, at the Board's expense, to verify this information. No sick leave shall accumulate while an employee is on an unpaid leave of absence.

6. **Expenses**

The board shall pay for the reasonable expenses incurred by teachers who attend workshops, seminars, conferences, conventions or other professional improvement sessions, such as visiting days, at the request and/or with the approval of the Principal and Superintendent for particular purposes of special benefit to the school system. A written report may be required of any teacher attending such sessions.

7. **Absence From School**

It is recognized that among members of the professional staff there will be occasional infrequent cause for relatively short absences to meet desirable professional objectives and personal requirements. Therefore, in addition to sick leave, allowances are made for absence for professional reasons and for absence to meet personal needs. No portion of these allowances is accruable. Furthermore, except in emergency circumstances, the member shall provide at least five (5) days advance notice to the Superintendent and Principal for any leave taken under Sections B, C, D, and F, below. Allowances for such absences are as follows:

A. Death in Family Leave

Up to four days per year may be allowed without loss of pay to a member because of death in the immediate family. Regarding death, immediate family is defined as including the member's grandparents, parents, children, grandchildren, siblings, spouse, spouse's grandparents, spouse's parents, spouse's children, or other person who immediately preceding death had been a member of the same household. The Superintendent may grant permission for an extension of such leave in special cases involving a death in the immediate family. The Superintendent may grant permission up to two (2) days in special cases not listed above.

B. Professional Leave

With advance approval of the principal and Superintendent a member may be permitted release time for attendance at recognized educational meetings and for visiting other school systems for the purpose of improving this school system without loss of pay.

C. Personal Leave

Up to two (2) full days or four (4) half-days per year of absence will be permitted for a teacher to attend to necessary personal matters which cannot be transacted other than during working hours. A request for absence under this provision should be made in advance to the Principal. These days are not to be scheduled on a work day before or a work day after a holiday, extended weekend, or vacation except in the most exigent circumstances as approved by the Superintendent in his or her discretion. Notwithstanding any other provisions of this Agreement, the decision to approve personal leave for days before or after a holiday, extended weekend or vacation shall be within the sole discretion of the Superintendent.

D. Religious Leave

Members shall be entitled up to three days per year without loss of pay for major religious holidays when observance of such requires absence from school.

E. Sickness in Family Leave

Members shall be allowed time off for sickness in their immediate family not to exceed four days per year without loss of pay. Immediate family is defined as including member's parents, children, spouse's children, siblings, spouse, spouse's parents or any person who is a member of the same household. The Superintendent may grant up to two days in special cases not listed above.

F. **Legal Leave**

Teachers shall be granted a legal day of absence when subpoenaed by any political subdivision of the federal, state or local government without loss of pay.

8. A. **Leave: Childbirth/Childrearing**

The Board and the Association recognize that teachers are entitled to reasonable leaves of absence for pregnancy-related disabilities. Up to five (5) sick days per year may be used for a teacher's adoption of a child.

B. Leaves of absence for child-rearing purposes may be granted by the Board of Education without pay or benefits, upon recommendation by the Superintendent of Schools, subject to the following conditions:

1. Child-rearing leave shall be limited to one year only provided, however, that in the discretion of the Superintendent of Schools, whenever a child-rearing leave is granted in the middle of the school year, the one year limit may be extended to include the remainder of the following school year.
2. Child-rearing leave shall be not credited to a teacher for the purpose of determining position on the salary schedule.
3. Upon return from child-rearing leave, the teacher shall be reinstated to the same or equivalent position except as affected by Article 27 - Reduction in Teaching Personnel.

9. **Family and Medical Leave Act**

Any leave granted under the provisions of this contract or Board policy shall be credited against an employee's entitlement under the Family and Medical Leave Act provided such leave is for a purpose recognized under the Act.

10. **Sabbatical Leave**

On the recommendation of the Superintendent the Board may permit members of the professional staff to take sabbatical leave for the purpose of self-improvement and benefit to the school subject to the following:

- A. Sabbatical leaves may be combined with programs of study and research for educational purposes.
- B. Only one faculty member may be on leave at one time.
- C. Staff members shall have served a minimum of seven consecutive years in this school system before becoming eligible.

- D. Applications for leave must be in the Superintendent's office no later than the first school day of the preceding March.
- E. No salary or benefits shall be paid by the school system but the staff member will be credited with one step on the salary schedule upon his return provided that the purpose of which the leave was granted has been fulfilled.

11. Notice of Intent to Return

An employee intending to return from a paid or unpaid leave at the commencement of an academic year shall file a notice of such intention with the Superintendent of Schools on or by April 15 preceding the scheduled date of return. Employees required to return from leave on a date other than at the commencement of an academic year shall file a notice of intent to return forty-five (45) days prior to expiration of the leave. The employee shall be informed of this contractual obligation at the time he or she receives a written notice of the granting of the leave and at least thirty (30) days prior to the "notice of intent to return" date by correspondence sent to the employee's last known address by certified mail with a return receipt requested. An employee who fails to file a notice of intent to return with the Superintendent by the required date may, at the discretion of the Superintendent, be deemed to have resigned from the employ of the Board of Education effective on the notice of return date. This provision shall not apply to any sick leave, paid or unpaid, granted under this Agreement.

12. Daily Schedule and Duties

- A. Required attendance at Planning and Placement Meetings held after 4:30 p.m. on school days shall be reimbursed at the rate of \$25.92 per hour, but not to exceed \$41.47 per session.
- B. At all times the NTA President and Grievance Chairperson shall be assigned one duty period. The decision of who will perform the duty shall be left to the discretion of the NTA. Further, during a year in which negotiations are taking place, the chairperson of negotiations shall be assigned a duty during the same time as the NTA period and that duty shall be directly abutting the NTA duty.
- C. Every teacher may be required to have a physical examination by a competent medical authority at Board expense at least once every two years. If there is a doubt as to a teacher's competency or fitness to perform job related duties, the Board may require additional examinations at the Board's expense.
- D. Teachers shall be assigned by the principal to perform supervisory duties before or after class hours within the current work day.
- E. The teacher work year shall be one hundred eighty five (185) days to include one hundred eighty one (181) student days.

- F. Middle school teachers will attend no more than two evening parental conferences per school year. Each evening parent conference will be from 4:30 until 7:00 p.m. On the days of the parent-teacher conferences, the student day will end at 12:07 (subject to adjustment based on the start of the school day) and middle school teachers may leave school after the busses depart. Additionally, middle school teachers will be released from another late bus duty on a date mutually agreed to by the Board and the Association. In the event that the school administration determines that parent conferences are no longer needed, the two-half days that had previously been used for parent conferences will be scheduled throughout the course of the school year at the Board's discretion. Region 7 teachers (both in the middle school and the high school) will be required to stay from 1:00 until 2:30 p.m. on these dates working on Professional Development or the Teacher Evaluation process. The Professional Development and Evaluation Committee will determine how these days are to be used in accordance with the law.
- G. Current practice includes fifty (50) academic help days (Mondays and Thursdays) and ten PLC/Data days (first Wednesday of the month), on which teachers shall work until 3:00 PM. Advance notice of these dates will be provided to the teachers in writing annually; if any of these dates are lost due to cancellation or other scheduling conflicts, they will be made up on mutually agreeable dates. The Administration may allocate any or all of the above-mentioned days for academic help and to meeting the changing needs of teachers, i.e. teacher evaluation meetings, Common Core, Smarter Balanced testing, PLCs/ Data days and future educational reforms.
- H. A teacher shall not be required to teach more than five (5) classes per day. Under extraordinary circumstances a teacher may volunteer to teach a 6th class and will be paid at a rate equivalent to 5% of the teacher's salary, up to a maximum of \$4,000 for the assignment. Assignment of a teacher to a 6th class shall not be used to reduce a 3/5 or more position.

13. Preparation Period

- A. All teachers shall have at least one full preparation period each day in addition to their lunch period.
 - 1. The only exception to the above will be when the periods are shortened or eliminated by a modification of the school schedule for special events.
 - 2. Periods when eliminated shall be so done on a rotating basis where practicable.
- B. A preparation period is that time during which a teacher is free to prepare lessons and/or meet what he/she deems to be his/her work related responsibilities during the school day.

14. **Substitute Teachers**

A reasonable effort consistent with past practice will be made to obtain substitute teachers when needed.

15. **Resignations**

A teacher may resign for good reason by submitting at least thirty days written notice at any time. If a teacher resigns or the contract is otherwise terminated during the school year, the basis of payment for part of the contract served shall be calculated at the teacher's present salary prorated at the per diem rate for the sum of school days worked, plus approved absences with pay.

16. **Payroll Deductions**

In addition to those payroll deductions required by law, the following agencies are eligible for payroll deductions; Bristol Teachers' Federal Credit Union, tax sheltered annuity plans; United Way; United States Savings bonds, Connecticut Education Association; Northwestern Teachers' Association. All requests for deductions must be in writing to the Superintendent or her/his designee.

17. **Annuity**

Teachers shall be eligible to participate in a tax sheltered annuity plan established pursuant to law.

- A. Teachers contributing to a company offering a tax sheltered annuity plan prior to June 30, 1994 shall be able to continue contributions to that company.
- B. As of July 1, 2005, new contracts for payroll deduction for tax sheltered annuity contributions will only be accepted for up to fourteen (14) companies, jointly approved by the Board and the Association.

18. **Insurance**

A. The Board will provide two health insurance plans from which the employee may select, with the employee to make his/her selection annually. One option is the High Deductible Health Plan (HDHP) and the other is the Preferred Provider (PPO) Plan. The plans shall be funded as follows:

Option 1 - HDHP

2014-2017 – The Board shall fund the HDHP premium costs subject to percentage of cost sharing of each of the three classifications: Class I – Individual, 17% shall be paid by the teacher; Class II – Individual with one dependent, 17% shall be paid by the teacher; Class III – Full Family, 17% shall be paid by the teacher.

The HDHP shall be annually subject to a \$2,000 individual/\$4,000 family deductible, co-insurance of 100% in network, 80%/20% out of network, in accordance with the general plan description. Drugs: 100% coverage/No co-pay after exhaustion of deductible.

Deductible: For 2014-15, the Board shall pay for 70% of the teacher's deductible (whether individual or family coverage), said payment to be made as follows: 50% of such payment shall be paid by the Board on July 1st of each school year, with the remainder paid through the pay periods over the next six months. For 2015-16, the Board shall pay for 60% of the teacher's deductible (whether individual or family coverage), said payment to be made as follows: 50% of such payment shall be paid by the Board on July 1st of each school year, with the remainder paid through the pay periods over the next six months. For 2016-17, the Board shall pay for 50% of the teacher's deductible (whether individual or family coverage), said payment to be made as follows: 50% of such payment shall be paid by the Board on July 1st of each school year, with the remainder paid through the pay periods over the next six months.

Option 2 – PPO with Managed Benefits

2014-15 – The Board shall fund the PPO premium costs subject to percentage of cost sharing of each of the three classifications: Class I – Individual, 19% shall be paid by the teacher; Class II – Individual with one dependent, 19% shall be paid by the teacher; Class III – Full Family, 19% shall be paid by the teacher.

2015-17 – The Board shall fund the PPO premium costs subject to percentage of cost sharing of each of the three classification: Class I – Individual, 17% of the premium for the HDHP shall be paid by the teacher; Class II – Individual with one dependent, 17% of the premium for the HDHP shall be paid by the teacher; Class III – Full Family, 17% of the premium for the HDHP shall be paid by the teacher. **Any employee choosing coverage in the PPO shall additionally be responsible for paying the difference between the Board's share of the HDHP insurance premium and the total cost of the PPO premium.**

Managed Benefits co-pays: \$35 H&O co-pay; \$35 Walk-in clinic co-pay; \$150 Emergency Room co-pay; \$75 Urgent Care co-pay; \$500 Hospital (inpatient) co-pay; \$300 same day (outpatient) co-pay; Out-of-network penalties as specified. RX: A prescription drug plan which meets the following criteria shall be provided for individuals and family members: a three tier managed “non standard” formulary pharmacy program with \$15 co-pay for generic drugs, \$25 for listed brand name and \$40 for unlisted brand name drugs, with no annual maximum. The cost of mail order prescriptions shall be two co-pays in the appropriate category.

2. Group life insurance coverage of \$80,000 per teacher.
3. Flexible Dental Plan with \$50.00 individual and \$150 family deductible up to \$1,000 for individuals and family members. A summary of the dental plan and benefits offered thereunder is on file in the Superintendent's office and is available for inspection.
4. Flexible Dental Plan with Orthodontics Rider (lifetime maximum of \$1,000 per member)

To be eligible to participate in the insurance plans set for the above, each teacher must submit a written wage deduction authorization permitting the Board to deduct from the teacher's salary his or her share of the cost of benefits. A teacher may withdraw from full coverage at his or her option. Reinstatement of discontinued benefits is subject to the Board's insurance plan.

- B. 1. STD Policy: The Board of Education shall establish a short-term disability program. The program shall consist of a bank of 300 sick days funded by each teacher loaning the bank four days. No teacher shall be required to loan any days if that teacher has less than 40 days accumulated. A teacher may voluntarily contribute up to ten days. If needed, a teacher may withdraw all the days previously loaned to the bank.

In order to access the bank a teacher must have exhausted all personal sick days, have met the definition of disability in the LTD plan, and must present a doctor's certification.

After the teacher has satisfied all the above conditions, the teacher shall be entitled to withdraw as many sick days from the bank as necessary to bridge the gap until they are eligible for the LTD plan.

Once the bank has been depleted, it shall be replenished by the next July. Replenishment shall be by assessing each teacher an equal number of days (less any voluntary contributions, which will be subject to the ten-day maximum as stated above).

The Board and the Association will form a Joint Committee (consisting of no more than three members appointed by the Board or its administration and no more than three members appointed by the Association) to examine the procedures for utilization of sick leave bank days and a list of acceptable uses. The Committee will first meet by September 1, 2014, and shall complete its work by June 30, 2015.

2. LTD: 60% of basic monthly earnings (subject to specified reductions) with \$5,000.00 maximum monthly benefit. 180 days elimination period. Addendum describing the compatibility of unused sick days and the LTD plan will be attached to the policy.
- C. The Board will provide the opportunity for teachers who have retired from Regional School District No. 7 under the Connecticut Teachers' Retirement System to continue participation in the school health insurance program on a self-paid basis in accordance with the terms of §10-183t of the Connecticut General Statutes.
- D. With the approval of the Board's insurance carrier, any teacher who, at the beginning of the school year, elects in writing not to participate in one or more of the insurance plans provided by the Board of Education shall receive in lieu thereof payment based on their subscription eligibility, over the course of the year equaling the following:

1. For 2014-15, Class I (individual), 20% of the PPO Plan premium for Class I subscribers; Class II (Individual + one) and Class III (Family), 20% of the PPO Plan Premium for Class II subscribers;
 2. For 2015-17, Class I (Individual), 20% of the HDHP Plan Premium for Class I subscribers; Class II (Individual + one) and Class III (Family), 20% of the HDHP Plan Premium for Class II subscribers. (Such cost to be estimated at the time of election).
- E. The Board of Education reserves the right to change insurance carriers at any time so long as it gives prior notice to the Association and so long as the insurance coverage under the substituted insurance carrier's policy and its administration is comparable or better than the coverage under the policy then in effect. Once the Association is notified that the Board intends to change insurance carriers the Association has 15 school days to examine the new insurance carrier's policy. If the Association feels that the coverage and administration under the new policy is not comparable or better it must object to the change in writing during that 15 days. If the parties are unable to informally resolve the matter within the following 30 days, an arbitrator with expertise in the field of insurance shall be mutually selected forthwith by the American Arbitration Association. The arbitrator shall be asked to decide the following question: IS THE SUBSTITUTE INSURANCE CARRIER'S POLICY AND ITS ADMINISTRATION COMPARABLE TO OR BETTER THAN THE CURRENT INSURANCE CARRIER'S POLICY? The arbitrator must render his binding decision within 30 days.

In a situation where a complaint has been lodged by the Association, the Board will not institute the new insurance coverage until an agreement has been reached or until an arbitrator has decided that the substitute coverage is comparable to or better than the current coverage. Costs of arbitration will be split equally.

Under the terms of this section, the Board's right to change carriers shall include the right to self-insure.

- F. For employees working less than full time, the Board shall pay that portion of the cost of medical and health, long term disability and life insurance benefits set forth in this Article (less any contribution paid by full-time employees) multiplied by the employee's fractional full-time teaching equivalent. Any teacher working less than .5 full-time teaching equivalents shall be ineligible for the benefits set forth in this Article. Any full-time employee who is reduced to less than full time shall continue to receive the benefits of full-time employees.

19. Salary Schedule Placement

All teachers shall be placed on the appropriate step in the salary schedule taking into consideration the following:

- A. Degree status as defined under degree definition in item 20 of this Agreement.

- B. Up to full credit for previous teaching experience in public, private and military dependency schools, provided that such experience shall have been continuous service of at least one-half of any school year. Intermittent or short term substitution service will not be credited as previous teaching experience.
- C. Full credit for active service in the Armed Forces of the United States if the veteran left their teaching assignment in this school system for active duty provided they do not voluntarily extend their enlistment. A maximum of one year credit if a veteran had active service prior to employment in this school system. To be considered a veteran a teacher must have served more than six consecutive months.
- D. The present staff will retain military credit they have received to date.
- E. Credits for graduate study beyond a Bachelor's Degree must be submitted to the Superintendent and will become effective on either September 1 or February 1, provided, however, that the teacher notify the Superintendent by February 15 of the previous school year that the accumulation of credits or the award of an advanced degree is anticipated.
- F. In an emergency situation and/or for the placement of teachers in shortage areas as defined by the State Department of Education where the Board feels a teacher new to this school has experience which can be considered useful to the school and these experiences are not listed in Item 19 herein, the Board may give credit for such experience provided that a letter stating what experiences have been given credit is sent to the Association within ten days after the hiring of said teacher.

G. **Course Reimbursement**

Prior to each school year, the Board will designate a minimum of \$10,000 that will be available for course reimbursement. All courses submitted for reimbursement must have received prior approval by the Superintendent or be part of a program of study approved by the Superintendent for that teacher individually.

Tuition reimbursement for up to a maximum of three courses will only be made to teachers holding a professional certificate, and will not exceed the current rate at the University of Connecticut. Tuition reimbursement will be calculated by multiplying the amount of the teacher's tuition by the amount designated in the pool and dividing this product by the total actually incurred by members of the bargaining unit.

Course work must also meet the following requirements:

- a. The teacher must receive at least a "B" or comparable grade for the entire course. A transcript or other official record of such grade must be provided;
- b. The course work is to be done at an accredited institution;
- c. The course work is to be for credit.

Applications must be submitted prior to May 15 of each school year for reimbursement for any courses which commenced after June 1 of the previous year. The Board will distribute tuition reimbursement by June

- C. Within each contract year, the Board may terminate the assignment of any teacher to a position on the extracurricular pay schedules at any time for good and sufficient cause. Notices of such termination, together with the stated reasons for such termination, shall be given to the teacher in writing. The Board, at its discretion, may renew or non-renew all extracurricular assignments on an annual basis.
- D. Notwithstanding any provision of this section to the contrary, the Board reserves the right to eliminate positions or reorganize areas or departments.

24. Amendments

In the event that either party wishes to amend or modify this Agreement, that party will give written notice to the other party of its proposal. Within fifteen (15) days after the receipt of such notification, representatives of the Board of Education and the Association shall meet to discuss the proposal. However, neither party shall be required during the life of the Agreement to negotiate any item, whether covered or not by the terms of this Agreement, except in negotiation of a successor Agreement.

25. Board Policy Changes

The Board shall provide the President of the Association with a current copy of all Board policies and any amendments or revisions thereto as they may be enacted. Current copies of Board policies, with any amendments or revisions, will also be available for inspection in the Superintendent's Office. Any amendments or revisions to Board policies will be provided to the President of the Association and the Grievance Committee Chairman and shall be e-mailed to all certified staff and placed on the District's web site.

26. Assignments and Transfers

- A. Teachers already in the system shall receive notification of their tentative program for the ensuing year prior to the close of the current school year. In the event of an unforeseen change in circumstances subsequent to the close of the current school year, an assignment or transfer may be changed, but only after advance notice to the teacher involved.
- B. Teachers shall be notified in person, or if not available, by mail, of any change in assignment.
- C. Involuntary assignments shall be made only after faculty members are given advance notice. The notice shall state the reasons for the meeting. The meeting will be held at least 24 hours after delivery of the notice. Faculty shall have the right to have an officer

and/or representative of the bargaining agent present. No involuntary assignment shall be made for arbitrary or capricious reasons.

- D. Teachers who desire a change in assignment shall make it known to the Superintendent by March 1, and the Superintendent shall give consideration to the request.
- E. Vacancies of any professional or stipended positions (Article 23) shall be given adequate publicity by posted notice in the school and during the summer (whether electronically or otherwise) to the Association. Professional position vacancies (not stipended positions) shall also be mailed to summer addresses of those staff members certified to fill the vacancy and who have requested such notification in writing prior to the close of the school year. For the purpose of this provision, a vacancy shall be defined as a position open as a result of resignation, retirement, death, or the creation of a new position or open as a result of a transfer or series of transfers.

27. Reduction in Teaching Personnel

In the event it becomes necessary to reduce the number of teachers due to program elimination or reduction, or to reduce the number of teachers in a given subject area, field, or program or to eliminate or consolidate positions, the Board shall follow the procedure listed below in numerical sequence:

1. Non-certified teachers based on premise that a certified person is available to fill position;
2. Non-tenured teachers;
3. If there are more teachers within (1) and (2) above than there are numbers to be reduced; reduction would be based on qualifications as determined by the Board of Education with the least qualified first;
4. Then those teachers within a teaching assignment who are appropriately certified (provisional or standard certification), reduction would be based on qualifications as determined by the Board of Education but limited to the following criteria with the least qualified first: areas of certification, teaching degree status, total years of experience, total years of teaching experience in the school system, qualifications and ability as determined by accumulative annual evaluations, and total years of teaching experience in position.
5. If a teacher has attained tenure status, his or her contract of employment may be terminated if his or her position is eliminated, but only if there is no other position for which that teacher is certified and qualified in the school system.

Teachers whose contracts have been terminated shall be placed on a recall list for two (2) years following the date of layoff. Teachers laid off prior to the effective

date of this Agreement shall have recall rights for a period not greater than two (2) years from the date of their layoff. A teacher may be recalled only to that department or subject area in which he or she taught as of the date of layoff. Notice of recall will be effective if mailed to the address or changed address furnished to the Superintendent by the teacher. A teacher must return to service within fifteen (15) calendar days after notification of recall is sent to the teacher or when the position becomes available, whichever occurs last. A teacher who refuses recall to a position of equal or greater full time teaching equivalents as last held shall be removed from the recall list.

6. A teacher hired to fill temporarily a vacancy or to fill a position held by a teacher on a leave of absence shall have no rights under this Article.
7. Nothing herein shall require the promotion or assignment of a teacher to a position of higher rank, authority, teaching time or compensation even though the teacher whose contract is terminated or who is to be recalled is qualified and/or certified for the promotion or assignment.

28. Part-time Teachers

Teachers working less than a 1.0 full time teaching equivalent shall receive a prorated level of leave benefits under Sections 5 and 7 held by full time teachers.

29. Indemnification Statutes

Sections 10-235 and 10-236a shall be appended to this contract for informational purposes only.

The Board and the Association agree that procedures will be kept as confidential as is appropriate.

3. Failure by the aggrieved teacher at any level to appeal a grievance to the next level within the specified time limits shall be deemed to be acceptance of the decision rendered at that level.
4. Should an administrator fail to respond to a grievance within the time limit specified, the grievant may file a grievance at the next appropriate level of the grievance procedure.

D. Informal Procedures

1. If a teacher feels that he/she may have a grievance, he/she may first discuss the matter with the principal or other appropriate administrator in an effort to resolve the problem informally.
